Correction to the Winter 2010 AMTNJ Newsletter

AMTNJ apologizes for any confusion caused by the article “New Calculator Directives on NJASK 3-8” in our Winter 2009 Newsletter.

**The chart on page 9 does not match the information in the article.
The chart is wrong.
All other information in the article is correct.**

The best source for timely, accurate and detailed information regarding the 2010 NJASK 3-8 design is the “Assessment” section on the NJ Department of Education website:

<http://www.nj.gov/education/assessment/>

The most up-to-date information on this topic is in the article on the above state web site:
“Update on NJ ASK 2009-2010 A Summary of Core Test Design and Administrative Features for Grades 3 - 8”.

Thank you,
